

## IMMIGRATION FOR FRANCOPHONES OUTSIDE OF QUEBEC

**Course Summary:** As part of the Action Plan for Official Languages – 2018-2023, Canada’s federal government is committed to increasing the proportion of French-speaking immigrants outside Quebec toward a target of 4.4% of all immigrants by 2023. This course will discuss some of the temporary residence and permanent residence programs that can be explored with Francophone clients looking to reside outside of Quebec. This will include a discussion of the Mobilité Francophone program, International Experience Canada, the points allocation for francophone clients under Express Entry and Ontario’s French-Speaking Skilled Worker program.

### **Course Outline:**

#### 1. Overview

- Action Plan for Official Languages – 2018-2023: Investing in Our Future
